Please send this link to riders, grooms and trainers who will be present at the event.

### 3. ARRIVAL PROCEDURE

We would like to remind you that all of the riders are obligated to take temperature measurements of their horses for 3 full days before coming to the event and enter it into **FEI HORSE APP**. They are also required to fill up Self-Certification Form for each horse in 24 hours before arriving at the site. Please remember about taking the horse temperature also during the show. (In FEI show is called **SWINOJSCIE**)

Please remember to enter the measurements, the application is beyond the control of the organizer, and failure to take / not enter the horse's temperature measurement into the **FEI HORSE APP** will result in the imposition of a financial penalty by the FEI.

All horses will have to have their temperature measured before entering the stable - competitors are required to have a thermometer in order to measure it in the presence of the competition vet. Horses may not leave the vehicle in which they were transported or enter the stable area without permission from a veterinarian.

After unloading the horses, please come to show office in order to confirm your presence and to receive accreditation (bands allowing entry to the stable area).

**Each person from the team has to come to show office in person the day of the arriving at the show.**

Horses coming from outside of Poland must have a valid **TRACES** document.

Address of the showground for TRACE:

Aleja Interferie 1

72-600 Świnoujście

POLAND

If, in the case of going abroad, you need a new **TRACE** document immediately after our competition, you should report it to the competition office at the accreditation (no later than Thursday, 12.00).

**!!** Considering the need to take a **ferry** to reach the stables and arena of CAVALIADA Summer Świnoujście, for the comfort of traveling with horses, the arrival times of horses will be adjusted:
